Call to order: Kerry Hallowell called the meeting to order at 7:10 p.m.

Roll Call: Mary Head

Present

Kerry Hallowell, President
Jeff Lister, Vice President
Susan Hodges, Secretary/Treasurer
Mary Head, Board Member
Teresa Olson, Board Member

Treasurers report:

Susan Hodges presented the Treasurer's report and provided the members with the financial statements for March 2019. Included in the report was the fact that three dead trees had been removed from the beach area at a cost of \$1,400. Three bids were obtained by Mary Head and the Board selected Whitley Tree due to cost and reputation.

Old Business/New Business:

This meeting was the semi-annual meeting and also a special meeting to request member approval to release funds for phase I of the lake dredging project. Kerry explained to the members that since the last meeting, Scott Critchfield had identified a site that would welcome all the silt that we removed from the lake at no additional cost to the HOA. It is a huge opportunity and one that is believed to be time urgent and necessitated immediate action.

Scott Critchfield gave a presentation of the overview of the proposed project. Due to the urgency to act, there was insufficient time to prepare a visual presentation or to have a final bid proposal from Critchfield. While the majority of the members were supportive of the project, many also wanted more information before voting to release the funds. There was no vote at this meeting but will be at the next meeting at which time more detailed project information will be provided.

The Board received 3 bids for the lake dredging. The Board selected Critchfield as the contractor due to the amount of silt to be removed, cost, equipment and reputation.

The status of maintenance of the aerators was provided. Jeff Lister and Chuck Stone completed this project. The pump vanes were ordered and Chuck replaced them.

Jeff Lister reminded the members that the Lake Clean Up Day is scheduled for April 27, 2019.

The next meeting is scheduled for May 8, 2019 at 7:00 p.m.

The meeting adjourned at 8:45 p.m.

Any artistic expression includes, but is not limited to, drawing, painting, photography, fiber arts, sculpture, film, video, music, poetry, storytelling and dance. A review committee will determine appropriate artistic expression, exhibit scheduling and display criteria. Specific guidelines and details for submissions are on the entry form on the other side.

Dear Houston Lakers,

It's Spring Cleaning time! After this long cold winter and we all come outside and enjoy this beautiful weather this is a really good time to take a good hard look at the outside our homes.

Some of the Code Violations that get written up the most often in the spring and summer include, rubbish, garbage and junk, untagged vehicles, trash cans and grass and weeds.

Basically, the rubbish, garbage and junk ordinance entails is that anything that is stored outside needs to be outdoor items, including grills, outdoor furniture, toys, bicycles and other items that are deemed for outdoor use. These items should be stored in a neat and orderly manner.

What should **NOT** be stored outside, including in open car ports, are cardboard boxes, plastic totes, upholstered furniture, items that can be blown around by the wind, exercise equipment and any other items that are deemed to be for indoor use.

The Rubbish, Garbage and Junk ordinance also includes brush, firewood not being stored properly, and tree branches.

The City of Houston Lake does not allow any vehicles to be parked within city limits without a legal tag. The City also requests that you not completely dismantle your car and rebuild it unless it is in an enclosed garage. This also applies to having car repair business on your property without proper authorization.

Yes, of course, you can change your oil, do minor repairs, and general maintenance on your vehicle.

The City requests that you pull your trash cans back to the house no later than 8: 00 PM the evening that your trash is collected. Not only does leaving your trash can(s) along the street look bad, it can cause a serious traffic issue. So please, be respectful of your neighbors and get those trash can pulled back from the street as early as you can.

And of course, we have to cover tall grass and weeds. Please make sure you are not allowing your grass to grow 18 inches or higher. This includes areas along the streets and culverts. This does not only include grass and weeds, this also includes tree starts, bushes, over growth, invasive plants and noxious weeds. We don't want to lose the natural look of our community we just want to make sure that the yards are well maintained and that vehicles can drive along the streets without damage.

Section 235.80. Rubbish Garbage and Junk.

All Exterior property and premises and the interior of every structure shall be free from any accumulation of rubbish or garbage or junk.

Section 235.060 G: Motor Vehicles:

Except as provided for in other regulations, no inoperative or unlicensed motor vehicle shall be parked, kept, or stored on any premises and no vehicle shall at any time be in a state of major disassembly, disrepair or in the process of being stripped or dismantled.

Section 230.030. Collection of Solid Waste.

C. Solid waste containers as required by this Chapter for the storage of residential solid waste shall be placed at curbside for collection but shall not be so placed until after 6:00 P.M. on the day next preceding the regularly scheduled collection day. Containers shall be removed from curbside no later than 8:00 P.M. on the day of collection. No alley service shall be allowed under the terms of this Chapter, except as approved by the Board of Aldermen.

Section 215.110. Weeds, High Grass or Other Vegetation.

A. Failure To Keep Weeds, High Grass And Other Vegetation Cut And Removed, A Nuisance. All persons owning or occupying any lot or tract of land in the City shall keep the weeds, high grass and other vegetation growing on such property cut and removed. Whenever such weeds, high grass or other vegetation shall attain the height of eighteen (18) inches, it shall be deemed a public nuisance. After the City has proceeded once with notice and abatement procedures under Subsections (D) through (F) of this Section with respect to a particular lot or tract of land, weeds, high grass or other vegetation exceeding six (6) inches may be deemed a public nuisance.

The Code Enforcement officer or other City Official as designated by the City shall give a hearing after ten (10) days' notice thereof either personally or by United States mail to the owner or owners, or his/her or their agents, or by posting such notice on the premises; thereupon, the Code Enforcement officer may declare the weeds, high grass or other vegetation to be a nuisance and order the same to be abated within five (5) days.

We all have a responsibility to the community and our neighbors to follow these ordinances. Not only does it improve the look of the community, they keep the community safer, keep vermin like snakes and mice away from your home, and it can raise property values.

As always, please feel free to contact your local Code Enforcement Officer, Cathy Grove, with any questions, comments, complaints or suggestions. This is a team effort and we can't do this alone.

Al Horrinc has requested an extra set of blades for the mower so if one is being sharpened, he has a spare set. Would like to purchase an air compressor for city use, approximately \$200. He will use his own tools for the job rather than purchasing new ones for the city.

Questions about the printer – would it be more cost effective to purchase a printer for City Hall and Homes Association use rather than the cost of the service contract on the printer? Will explore as we are in a contract at this point.
